

Evento Residenziale

MEDITERRANEAN **VASCULAR CONGRESS**

**VENOUS, LYMPHATIC,
AORTA AND PERIPHERAL**

October 3rd-4th, 2025
Reggio Calabria

Chairman: Dott. Michele Greco

Scientific Committee:

Dott. David Barillà

Dott. Daniele Bissacco

Dott. Michele Greco

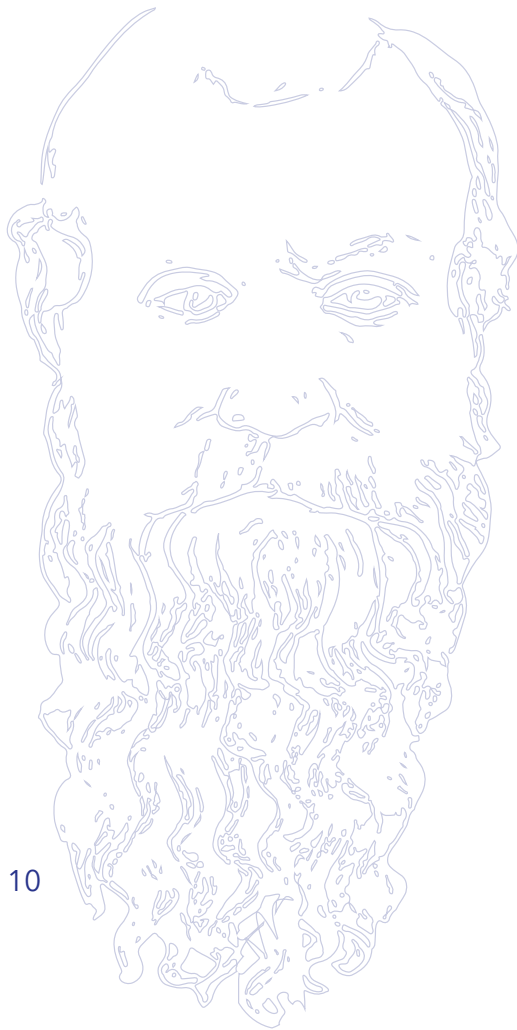

Venue:

Sala Vele

Fortezza Santa Trada | Via Fiumara alta, 10

Loc. Santa Trada di Cannitello,

89018 Villa San Giovanni RC

Scientific rationale

Le malattie vascolari – venose, linfatiche ed arteriose – sono le principali anomalie che affliggono la popolazione mondiale, particolarmente nei paesi avanzati ed in via di sviluppo.

Sebbene negli ultimi decenni si sia assistito ad una rivoluzione diagnostico-terapeutica, la gestione di queste patologie rimane talvolta difficoltosa e gravata ancora da tassi di prognosi non ancora ottimali.

Inoltre, la rapidità con cui le nuove tecnologie vengono presentate e disseminate nel panorama medico, impongono ad ogni specialista un continuo e puntuale aggiornamento, attraverso sì lo studio delle ultime evidenze scientifiche, ma anche derivante dai risultati dei centri e dei professionisti con maggiore esperienza.

È infatti solo da questo binomio mutualistico che può formarsi in maniera completa il vero professionista vascolare, attento al futuro ma concentrato al presente della gestione delle malattie vascolari.

Arrivato alla seconda edizione dopo il grande successo della prima, il Mediterranean Vascular Congress vuole proporsi nel panorama internazionale come centro privilegiato di scambio di esperienze ed opinioni, come crocevia geografico e scientifico tra specialisti, key opinion leaders e realtà del campo vascolare nazionale ed internazionale.

L'ampio spazio dato alla discussione collegiale, all'esperienza clinica e alle diverse realtà mediche sono alla base del metodo con cui il Mediterranean Vascular Congress vuole fattivamente realizzare un utile momento di condivisione sulle patologie venose, linfatiche e arteriose, accessibile a chiunque, a prescindere dall'età, dall'esperienza e dal percorso fatto.

Vi aspettiamo a Reggio Calabria al 2° Mediterranean Vascular Congress!

Gianluca Sottilotta | *Reggio Calabria*

Francesco Spinelli | *Roma*

Francesco Stilo | *Roma*

Vincenzo Strati | *Locri*

Gemmi Sufali | *Bologna*

Lorenzo Tessari | *Peschiera del Garda*

Mirko Tessari | *Peschiera del Garda*

Paolo Valle | *Roma*

Pierfrancesco Veroux | *Catania*

Simona Villari | *Messina*

Pietro Volpe | *Reggio Calabria*

Programme

Friday, 3rd October

14:00 | Saluti delle autorità

Presentazione del congresso

Dr. M. Greco, Dr. D. Bissacco, Dr. D. Barillà

Session I Venous

Moderatori: P. Valle, B. I. Bonfiglio, L. Tessari

- 14:45** **Lectio Magistralis:** The burden of CVD and its impact on quality of life | **A. Davies**
- 15:00** Back to the future: symptoms as target in CVD management | **D. Bissacco**
- 15:07** Compression, compression, compression | **M. Bucalossi**
- 15:14** New frontiers in the treatment of varicose veins of the legs: the HIFU experience | **E. Nanni**
- 15:21** Varixio: the new foam | **G. Alongi**
- 15:28** DVT and SVT: When to ask for thrombophilia screening? | **E. Imbalzano**

Q&A and Discussant

Session II Aorta

Moderatori: G. Roscitano, G. Panuccio, A. Bruni

- 15:45** **Lectio Magistralis:** Can we do better in open aortic repair? | **E. Civilini**
- 15:52** ECMO in aortic surgery | **E. Garofalo**
- 15:59** Endovascular treatment of extension disease after EVAR with branchdevices | **A. Leone**
- 16:06** Endovascular management of infrarenal acute aortic syndrome | **F. Pecoraro**

Q&A and Discussant

Programme

Friday, 3rd October

Session III Lymphology

Moderatori: M. Bucalossi, S. Mantovani, S. Oberto

16:23 **Lectio Magistralis:** History of Lymphology | *A. Macciò*

16:30 Lipedema and Lymphedema | *M. Greco*

16:37 Elastic Compression: why, how and when | *L. Gazzabin*

16:44 When and how to treat with surgery in lipedema | *S. Gentileschi*

16:51 Nutritional therapy in lipedema | *G. Fortugno*

16:58 Is bariatric surgery helpful in the treatment of lipedema? |
A. Fortugno

Q&A and Discussant

Coffee station

Programme

Saturday, 4th October

Session IV Lymphology

Moderatori: L. Gazzabin, V. Bruzzese, S. Gentileschi

- 09:00** **Lectio Magistralis:** Compression yesterday, today and tomorrow: the German Approach | **F. J. Schingale**
- 09:15** Management of lymphedema and decongestive therapy | **S. Oberto**
- 09:22** Phytotherapy in lymphedema and lipedema | **M. Tessari**
- 09:29** Diagnostic value of lymphoscintigraphy in lymphedema | **S. Morano**
- 09:36** Lymphatic surgery | **A. Piccirillo**
- 09:43** Conservative and post-surgical physiotherapy treatment of lipedema | **S. Mantovani**
- 09:50** Management of ulcers in lymphedema | **A. Macciò**

Q&A and Discussant

Session V Peripheral

Moderatori: E. Civilini, G. De Caridi, A. Alberti

- 10:07** **Lectio Magistralis:** The importance of surgical training | **F. Spinelli**
- 10:22** The rationale for the use of drug-eluting technologies | **A. Giaquinta**
- 10:29** Below-the-knee bypass: is the great saphenous vein the only option? | **D. Barilla**
- 10:36** Surgical deep vein arterialization for no-option critical limb ischemia patients | **F. Stilo**
- 10:43** Surgical Repair of Popliteal Aneurysms: Lessons from Practice | **A. Cutrupi**
- 10:50** Management of peripheral vascular disease and lymphedema in occupational medicine | **F. Principato**

Programme

Saturday, 4th October

10:57 Hybrid revascularisation and non healing ulcer: state of the art | **C. Baraldi**

11:04 Diabetic foot ulcer: treatment and strategies | **S. Villari**

Q&A and Discussant

Session VI Venous: Superficial

Moderatori: S. Giancesini, G. A. Malchiodi, D. Baccellieri

11:22 **Lectio Magistralis:** Outcomes in phlebology | **A. Davies**

11:37 Endovenous Ablation: The GOLD standard | **M. Greco**

11:44 Phlebology in the elderly | **L. Chiodi**

11:51 Total endovenous laser ablation | **L. Palombi**

11:58 MOCA: tips and tricks | **A. Griso**

12:05 Persistent spider veins: the START technique | **S. Silvano**

Q&A and Discussant

Session VII Arterial and Venous Vascular Surgery: Education in Theory and Practice

Moderatori: M. Greco, D. Bissacco, D. Barilla

12:22 **Lectio Magistralis:** Appropriate Real World Data & Education needs in phlebo-lymphology | **S. Giancesini**

12:37 Flebologia nelle scuole di specializzazione in chirurgia vascolare | **D. Bissacco**

12:44 Management of vascular patient seen by GP | **TBD**

Programme

Saturday, 4th October

12:51 The UK experience in Phlebology and Vascular Surgery | **TBD**

12:58 SICVE YOUNG: Young vascular surgeons | **G. Sufali**

Q&A and Discussant

Light Lunch

Session VIII Aorta

Moderatori: A. Leone, P. Volpe, F. Spinelli

14:30 **Lectio Magistralis:** TBD

14:45 A minimally invasive approach for treating thoracic aortic pathologies | **P. Veroux**

14:52 Off-the-shelf endograft for thoraco-abdominal aneurysm, What's new? | **TBD**

14:59 State of the Art of complex endovascular thoracoabdominal aortic repair | **G. Panuccio**

15:06 An Enhanced Recovery Protocol for Open Conversion after Endovascular Aneurysm Repair Failure | **M. G. Pascucci**

Q&A and Discussant

Coffee station

Programme

Saturday, 4th October

Session IX Venous: Miscellaneous

Moderatori: M. Pagano, E. Imbalzano, V. Strati

- 15:23** **Lectio Magistralis:** Scleromousse: the Phlebology Revolution | **L. Tessari**
- 15:38** Aesthetic phlebology: what should we do? | **M. Greco**
- 15:45** New frontiers in Phlebology: Eco 3D and remote | **E. Cervi**
- 15:52** DVT and SVT seen by the hematologist | **G. Sottilotta**
- 15:59** Diagnosis and therapy of SVT | **C. Pisani**
- 16:06** Compliance in drug therapy for CVD | **D. Bissacco**

Q&A and Discussant

Session X Deep Venous

Moderatori: D. Bissacco, L. Apruzzi, A. Griso

- 16:18** **Lectio Magistralis:** Understanding Pelvic Venous Disorders | **M. Lugli**
- 16:33** Crossing to the other side: Pelvic Congestion Syndrome – the gynecologist | **A. Laganà**
- 16:40** Vascular side of PCS | **M. Greco**
- 16:47** Treatment of acute DVT | **D. Baccellieri**
- 16:54** Post thrombotic syndrome: how and when to treat with surgery | **M. Mirandola**
- 17:01** **Closing remarks**

Information

CME Event

Event ID: 456221

Provider ID: 4596

CME credits: 8,4

Registration fee:

- Medical Surgeon | 50€
- Healthcare assistant | 30€
- Nurse | 30€
- Free registration fee for Medical Residents

The registration fee includes:

Participation in the scientific sessions, congress kit, coffee break and certificate of attendance

Accredited roles:

- Health Assistant
- Nurse
- Medical Doctor: Anesthesiology And Intensive Care, Angiology, Cardiology, Cardiac Surgery, General Surgery, Thoracic Surgery, Vascular Surgery, General Medicine (Family Physicians), Internal Medicine, Transfusion Medicine, Clinical Pathology, Diagnostic Radiology, Radiation Therapydermatology, Gynaecology and Obstetrics, Occupational Medicine, Emergency Medicine, Anaesthesiology, Haematology, Rheumatology, Plastic Surgery, Nuclear Medicine, Physical Medicine and Rehabilitation, Hygiene and Preventive Medicine, Physiotherapy
- Perfusionists
- Medical Residents
- Radiologic Technologist
